SUMMARY

The number of degrees and other formal awards conferred by Nebraska institutions of postsecondary education show a slight decrease in FY1985-86 as compared to data reported a year ago: 15,273 as compared to 15,421, an decrease of 1%.

Bachelor degrees account for 55% of the total, followed by degrees and awards based on less than four years of work beyond high school, 28%; masters degrees, 11%; and first-professional and doctoral degrees accounting for the remaining 6%. Overall, a comparison of this year's data with that of last year is again one of stability and similarity.

Statistics for the four postsecondary sectors are as follows:

> University of Nebraska awarded 6,489 degrees, 78 fewer than last year, representing 42% of the total. The decrease is attributable to the fewer number of associate degrees in AgriBusiness and Ag Production at the Curtis Campus.
>
> State Colleges awarded 2,068 degrees, 99 more than last year, representing 14% of the total. Chadron, Kearney and Wayne campuses showed moderate increases while Peru remained stable.
>
> Technical Community Colleges conferred 3,699 awards, 52 fewer than last year, representing 24% of the total. It appears that decline occurred primarily in the area of Allied Health, more specifically in the field of Practical Nursing.
>
> Independent Colleges and Universities awarded 3,017 degrees, 117 fewer than last year, representing 20% of the total. Bishop Clarkson College of Nursing and Nebraska Wesleyan reported increases; Concordia, Creighton, Hastings, Union and York reported decreases, while the remainder of the schools were relatively stable.

The largest number of degrees and awards were conferred in the area of Business, 3,394; followed by Physical Sciences, 2,554; Education, 2,222; and Health, 2,039.

Some shifts of growth and decline in major discipline groups can be seen over the past five years. Business and Physical Sciences have increased 2% in terms of percentage of total, while Humanities, Social Sciences and Education have decreased 1%.

Ratio of males to females remained stable over the past year: male 49%; female, 51%. However, over the five-year period, the number of degrees and awards conferred to females has increased by 1%.

PREFACE

The information contained in this report was supplied by the Nebraska institutions of postsecondary education as part of the Higher Education General Information Survey (HEGIS). The HEGIS Degrees and Other Formal Awards Conferred Survey is part of a series of surveys which the institutions file annually with the U.S. Department of Education. The Nebraska Coordinating Commission for Postsecondary Education coordinates the distribution and collection of these surveys to the institutions for transmittal to the United States Department of Education.

The HEGIS surveys are being replaced by the Integrated Postsecondary Education Data Systems (IPEDS). Next year the Degrees collection will be made on the new IPEDS form.

The Commission wishes to acknowledge with appreciation the cooperation and time spent by the institutions in reviewing and verifying the data contained in this report.

INTRODUCTION

The number of degrees and other formal awards shown in this report are aggregated individual program totals for respective award levels. For example, the number of baccalaureate degrees reported in the major program area of Business reflects degrees conferred in three (3) possible degree programs for this program area: (1) Business Management, (2) Business and Office, and (3) Marketing and Distribution. The reviewer of these data is therefore cautioned to keep in mind that the program areas shown are major program areas rather than individual programs of study.

The data displayed in this report show the number of degrees and formal awards conferred at the following award levels.

1. Degrees and Awards Based on Less than Four Years of Work Beyond High School
    a. Postsecondary Certificates and Diplomas (less than 4 years)
    b. Associate Degrees

2. Bachelor's Degrees

3. Master's Degrees

4. First Professional Degrees

5. Doctorate Degrees

Each of the degree levels has a number of individual programs of study, or student majors, available for institutions reporting. These have been aggregated to a general program area.

Table 2 shows the number of degrees or awards each institutional sector conferred during the respective reporting period by major discipline groupings. These major groupings were derived by combining various segments of the HEGIS form.

The following pages list the components of each major discipline group:

General Program Area	Discipline/Program	HEGIS Classification
ARTS AND SCIENCES, GENERAL	Liberal/General Studies	24.0000

* PERCENTAGE IS LESS THAN 1 PERCENT OF THE STATE TOTALS

- DUE TO ROUNDING SOME PERCENTAGE TOTALS MAY NOT ADD TO 100 PERCENT

DEGREES AND OTHER FORMAL AWARDS
CONFERRED BY NEBRASKA INSTITUTIONS OF POSTSECONDARY EDUCATION
1981-82 Through 1985-86

The following five (5) tables show the number of degrees and other formal awards conferred by Nebraska institutions of postsecondary education during 1985-86, 1984-85, 1983-84, 1982-83 and 1981-82. Each table has the same formate with instructional programs described on the left margin (rows) and the institutions (designations are abbreviated), and institutional sectors at the tope of the tables (columns).

The following abbreviations are used for purposes of designating the institutions.

The University of Nebraska

UNL	University of Nebraska - Lincoln
UNO	University of Nebraska at Omaha
UNMC	University of Nebraska Medical Center

Nebraska State Colleges

CSC	Chadron State College
KSC	Kearney State College
PSC	Peru State College
WSC	Wayne State College

Nebraska Technical Community Colleges

Cent.	Central Technical Community College Area
Metro.	Metropolitan Technical Community College Area
M.P.	Mid-Plains Technical Community College Area
N.E.	Northeast Technical Community College Area
S.E.	Southeastern Nebraska Technical Community College Area
West.	Western Technical Community College Area

Nebraska Independent Colleges and Universities

Belv	Bellevue College
BCCN	Bishop Clarskon College of Nursing
CSM	College of St. Mary
CTC	Concondia Teachers College
Creig	Creighton University
Dana	Dana College
Doan	Doane College
Grace	Grace College of the Bible
Hast	Hastings College
Mid Lu	Midland Lutheran College
NCC	Nebraska Christian College
NWU	Nebraska Wesleyan University
PVB	Platte Valley Bible College
Union	Union College
York	York College
NICC	Nebraska Indian Community College

SUMMARY

The pattern of declining enrollment of first-time freshmen continued to be evident in fall headcount enrollments in Nebraska institutions of postsecondary education. A decrease of 2,275 full-time freshmen over a five-year period was reported, 14,957 in 1982 as compared to 12,682 in 1986, a 15.2 decrease.

A trend in the relationship between full-time and part-time students should be noted for the same period. In 1982, full-time students represented 62% of the total headcount enrollment. In 1986, that percentage had dropped to 56%.

Total headcount enrollment increased by 2,647 students this past year, from 97,754 to 100,401 (2.7%), continuing the pattern of decreasing enrollment reported last year.

Undergraduate enrollment increased by 2,412 over the past year from 84,907 to 87,319, a increase of 2.8 percent. Graduate enrollment increased by 282 students, from 10,103 to 10,385 (2.8%); while first-professional students decreased by 47, from 2,744 to 2,697 (1.7%).

The number of women represents 52.7% of the total enrollment, a slight increase over last year.

Total headcount enrollment for the University of Nebraska decreased over the past year by 169 from 40,163 to 39,994; full-time students decreased 313 from 26,921 to 26,608; part-time students increased 144, from 13,242 to 13,386; graduate students increased 145, from 6,332 to 6,477; and first-professional students decreased 52, from 1,406 to 1,354.

State Colleges reported increases in every category. Total headcount was up 415, from 14,875 to 15,290; full-time increased 150, from 9,739 to 9,889; part-time increased 265, from 5,136 to 5,401; and graduate enrollments increased 150, from 3,161 to 3,311.

Technical Community Colleges also reported increases in every category. Total headcount was up 2,651, from 26,125 to 28,776. Full-time was up 279, from 8,371 to 8,650 and part-time was up 2,372 from 17,754 to 20,126.

Independent Colleges and Universities reported decreases in total headcount, full-time and graduate enrollments and increases in part-time and first professional. Total headcount was down 250, from 16,591 to 16,341. Full-time was down 388 from 11,710 to 11,322 and graduate down 13 from 610 to 597. Part-time enrollments were up 138, from 4,881 to 5,019 and first-professional up by 9, from 1,334 to 1,343.

PREFACE

The information contained in this report was supplied by the Nebraska institutions of postsecondary education as a part of the annual collection of data requested by the United States Department of Education.

This year marks the initial collection of enrollment data under the Integrated Postsecondary Education Data System (IPEDS). This series of collection instruments replaces the Higher Education General Information Survey (HEGIS) formerly used for this purpose.

The data in this report (Fall Headcount Enrollment 1982 through 1986) were taken from the following reports:

Fall 1986:	Fall Enrollment 1986 (IPEDS)
Fall 1985:	Fall Enrollment in Institutions of Higher Education-1985 (HEGIS)
Fall 1984:	Fall Enrollment and Compliance Report of Institutions of Higher Education - 1984 (HEGIS)
Fall 1983:	Fall Enrollment in Institutions of Higher Education - 1983 (HEGIS)
Fall 1982:	Fall Enrollment and Compliance Report of Institutions of Higher Education - 1982 (HEGIS)

The Nebraska Coordinating Commission for Postsecondary Education coordinates the distribution and collection of these reporting forms to the institutions for transmittal to the United States Department of Education.

We wish to acknowledge with appreciation the cooperation and time spent by the institutions in reviewing the verifying the data contained in this report.

DEFINITIONS

(The following definitions are those prescribed by the United States Department of Education and used by the institutions in preparing the IPEDS data presented in this report. They should, therefore, be incorporated into any analysis or interpretation of the report.)

AMERICAN INDIAN OR ALASKAN NATIVE. A person having origins in any of the original peoples of North America or who maintains cultural identification through tribal affiliation or community recognition.

ASIAN OR PACIFIC ISLANDER. A person having origins in any of the original peoples of the Far East, Southeast Asia, the Indian Subcontinent, or Pacific Islands. This includes people from China, Japan, Korea, the Philippine Islands, Samoa, India and Vietnam.

BLACK, NON-HISPANIC. A person having origins in any of the black racial groups of Africa.

CREDIT. Recognition of attendance and/or performance in an instructional activity (course or program) that can be applied by a recipient to requirements for a degree, diploma, or other formal award at a given institution.

CREDIT COURSE. A course that, if successfully completed, can be applied toward the number of courses required for achieving a degree, certificate, or other formal award at a given institution.

DEGREE SEEKING STUDENTS. Students enrolled in courses for credit who are recognized by the institution as earning credit toward a degree or formal award.

FIRST-PROFESSIONAL STUDENTS. A student enrolled in any of the following degree programs:

Chiropractic (D.C.)
Dentistry (D.D.S. or D.M.D.)
Medicine (M.D.)
Optometry (O.D.)
Osteopathic Medicine (D.O.)
Pharmacy (D. Phar.)
Podiatry (Pod.D. or D.P.)
Veterinary Medicine (D.V.M.)
Law (L.L.B. or J.D.)
Theology (M.Div. or M.H.L.)

FIRST-TIME FRESHMAN. An entering freshman who has never attended any college. Includes students enrolled in the fall term who attended college for the first time in the prior summer term. Also includes students who entered with advanced standing (college credits earned before graduation from high school).

FIRST-TIME GRADUATE-LEVEL STUDENT. A person enrolled at the graduate level for the first time. Includes graduate students enrolled in the fall term who attended graduate school in the prior summer term.

FIRST-TIME FIRST-PROFESSIONAL STUDENT. A student enrolled for the first time in a first-professional degree program. Include first-professional students enrolled in the fall term who entered the institution in the prior summer term.

FIRST-TIME STUDENT. A student attending any institution for the first time. That is, the student enters an institution with no credit toward a degree or award at the level enrolled. (e.g., graduate student or first-professional student).

FIRST-YEAR STUDENT. A student who has completed less than the equivalent of one full year of undergraduate work. For example, less than 30 semester hours in a 120 hour degree program.

FOURTH YEAR AND BEYOND. An undergraduate student who has completed the equivalent of three years of full-time undergraduate work. For example, at least 90 semester hours in a 120 hour degree program.

FRESHMAN. A first year undergraduate student.

FULL-TIME STUDENT.

Undergraduate:	A student enrolled for either 12 or more semester credits; 12 or more quarter credits; or 24 contact hours per week each term.
Graduate:	A student enrolled for either 9 or more semester credits, or 9 or more quarter credits.
First-Professional:	As defined by the institutions.

GRADUATE STUDENT. A student who holds a bachelor's or first-professional degree, or equivalent, and is taking courses at the postbaccalaureate level. These students may or may not be enrolled in graduate programs.

HISPANIC. A person of Mexican, Puerto Rican, Cuban, Central or South American or other Spanish culture or origin, regardless of race.

NON-CREDIT COURSES. A course or activity having no credit applicable toward a formal award, certificate or degree.

NON-DEGREE SEEKING STUDENTS. Students enrolled in courses for credit who are not recognized by the institution as earning credit for a degree or formal award.

NON-RESIDENT ALIEN. A person who is not a citizen or national of the United States and who is in this country on a visa or temporary basis and does not have the right to remain indefinitely.

OFF-CAMPUS CENTERS (EXTENSION CENTERS). A site of an educational institution that is outside the physical confines of its parent institution, that is not temporary and offers courses that are part of an organized program at the parent institution.

OFFICIAL FALL ENROLLMENT DATE. The date (in the fall) on which an institution must report fall enrollment data to either the State, its board of trustees, or some other external governing body.

PART-TIME STUDENT.

Undergraduate: A student enrolled for either 11 semester credits or less, or 11 quarter credits or less, or less than 24 contact hours per week.

Graduate: A student enrolled for either 8 semester credits or less, or 8 quarter credits or less.

POSTBACCALAUREATE STUDENT. A student enrolled in graduate or undergraduate courses who is not seeking a formal award but who has earned a bachelor's degree.

POSTBACCALAUREATE STUDENTS NOT IN GRADUATE PROGRAMS. A student who has earned a baccalaureate degree and is enrolled in a graduate course at an institution, but who has not yet been granted graduate student status.

RACE/ETHNICITY. Categories used to describe groups to which individuals belong, identify with, or belong in the eyes of the community. The categories do not denote scientific definitions of anthropological origins. A person may be counted in only one group. The groups used to categorize U.S. Citizens and resident aliens (holders of Form *-551/155 are:

Black, Non-Hispanic
American Indian or Alaskan Native
Asian or Pacific Islander
Hispanic
White, Non-Hispanic

REMEDIAL COURSES. Instructional activities designed for students deficient in the general competencies necessary for a regular postsecondary curriculum and educational setting.

SECOND-YEAR STUDENT. A student who has completed the equivalent of one year of full time undergraduate work. for example, at least 30 semester hours but less than 60 semester hours in a 120 semester hour program.

THIRD-YEAR STUDENT. A student who has completed the equivalent of one year of full time undergraduate work. For example, at least 60 semester hours but less than 90 semester hours in a 120 semester hour program.

UNCLASSIFIED STUDENT. A student taking courses creditable toward or other formal award who cannot be classified by academic level. For example, this could include a transfer student whose earned credits have not been determined at the time of the fall report.

UNDERGRADUATE. A student enrolled in a four or five-year bachelor's degree program, in an associate degree program, or in a vocational or technical program below the baccalaureate.

WHITE, NON-HISPANIC. A person having origins in any of the original peoples of Europe, North Africa, or the Middle East.

INTRODUCTION

Fall headcount enrollment reporting is only one of several types of enrollment that might be used in analyzing patterns at the institutional, sector, state or national level. Depending upon the question being asked, the following counts might be appropriate: fall headcount, unduplicated headcount over a fiscal year, full-time equivalency, etc. Each type of enrollment count tells the reviewer something different about the statistics.

Fall headcount enrollment is normally used as an indicator of trends among and between institutions. The fall period is the time in which traditional collegiate institutions experience their peak enrollment period. Thus, by comparing one fall enrollment period with another, the reviewer can get a general understanding of whether the enrollments are increasing and the postsecondary educational enterprise is expanding, or whether enrollments are decreasing and the enterprise is contracting. Changes in student enrollment patterns also may be inferred from fall headcount statistics.

SUMMARY

The number of full-time faculty in Nebraska colleges and universities showed a slight decrease over the past five-year period; 3,543 in 1982-83 as compared to 3,500 in 1986-87. Eighty-six fewer faculty members were reported this year as compared to those of a year ago. Average faculty salaries for the five-year period increased $4,683 (20%), from $23,606 to $28,289.

Percentage changes for the various postsecondary sectors were as follows: University of Nebraska, 3% decrease in the number of faculty and 21% increase in average salary; State Colleges, 4% increase in faculty and 25% increase in salaries; Technical Community Colleges, 10% increase in faculty and 15% increase in salaries; and Independent Colleges and Universities, 9% decrease in faculty and 21% increase in salaries.

The percentage of tenured faculty showed a slight increase, 51% for 1982-83 as compared to 53% for 1986-87.

Women faculty represented 26% of the total in 1982-83 (885) as compared to 27% in 1986-87 (931). Women represented 6% of the total number of professors in 1983-84 and 7% in 1986-87; and 18% of the associate professors in 1982-83 as compared to 20% in 1986-87.

During the same five-year period, the average salary for men professors increased by 20% as compared to 18% for women; the average salary for men associate professors increased 19% as compared to 18% for women. Salaries for men at both the professor and associate professor rank remain above those of women of comparable rank.

PREFACE

The information contained in this report was reported by the Nebraska institutions of postsecondary education as a part of the Higher Education General Information Survey (HEGIS). The HEGIS full-time instructional faculty report is part of a series of reports institutions file annually with the National Center for Education Statistics (NCES) of the U.S. Department of Education. The Nebraska Coordinating Commission for Postsecondary Education coordinates the distribution of the HEGIS reporting forms to the institutions, and collection and return of completed reports for the National Center for Education Statistics.

The Commission wishes to acknowledge with appreciation the cooperation and time the institutions devoted to reviewing and verifying the data contained in this report.

The material presented in this report is open for comment and discussion and is provided for general information purposes to the Governor, the Legislature, and the Nebraska postsecondary education community. Comments should be directed to:

INTRODUCTION

The following tables provide, in summary form, data regarding full-time instructional faculty. It should be noted that these data do not include all the faculty an institution may have that are providing instructional services as, for example, the data do not include information on part-time faculty. It is, therefore, inappropriate to draw conclusions from these data related to the number of Full-Time Equivalent (FTE) faculty.

Special note must be paid to the average salaries reported herein. These are nine (9) month average salaries (the normal manner used for reporting average salaries of full-time instructional faculty). The formula used to derive these average salaries is a standard nationwide formula. The formula is as follows: 9/11 x 12-month faculty Salary Outlay + 9-month faculty Salary Outlay = Total and Converted 9-month Salary Outlay. This Total and Converted 9-month Salary Outlay is then divided by the total number of faculty (in total or by the respective academic ranks) to determine the average salary. The salary data reported herein do not include the fringe benefits the faculty receive from their respective institutions.

Comparability of the average faculty salaries, by rank, contained in this report is limited also by the use of a single and general formula used for the purpose of computing the average faculty salary.

Due to the limitations cited above, these data need to be reviewed carefully and generally. While these data are being presented for information purposes, it would be a mistake to interpret too literally without investigating some of the factors behind the apparent differences among and between institutions and institutional sectors that limit the comparability of the information contained in this report.

The data presented in this report may differ from that anticipated by the reader. Some of the differences may be attributable to the following exclusions from data reported:

1. Instructional faculty who are employed to teach less than two semesters, three quarters, two trimesters, or two 4-month trimesters, or two 4-month sessions.

2. Instructional faculty for preclinical and clinical medicine. (Instructional faculty in all other health fields, such as dentistry, veterinary medicine, nursing, dental hygiene, etc., are included.)

3. Instructional faculty who are employed on a part-time basis.

4. Administrative officers with titles such as Dean of Instruction, Academic Dean, Dean of Faculty, Dean of Students, Librarian, Registrar, Coach, etc., even though they may devote part of their time to classroom instruction.

5. Undergraduate or graduate students who assist in the instruction of courses, but have titles such as teaching assistant, teaching associate, teaching fellow, etc.

Table No. 7 Percent of Total Educational and General Revenues and Expenditures by Institution and Institutional Sectors, Fiscal Year Ending 1982 28

Table No. 8 Five-Year Profile of Revenues and Expenses (Values Rounded to Nearest $1,000) 30

SUMMARY

At the state level, revenue from tuition and fees increased $39.3 million, or 38% over the past five-year period. State appropriations during the same period rose by $28.5 million, an increase of 16%. In 1982, tuition and fees represented 24% of total revenue with state appropriations accounting for 41%. In 1986, the percentage were 25% and 36% respectively.

Tuition income at the University of Nebraska increased $16.3 million (43%) over the five-year period while state appropriations increased $20.9 million (15%). Tuition income represented 17% of total revenue and state appropriations 51% in 1986, as compared to 15% and 56% in 1982.

At the State Colleges, tuition income increased $4.8 million (60%) while state appropriations increased $4.1 million (19%), representing 26% and 53% of total revenue generated in 1986, as compared to 24% and 66% in 1982.

Tuition revenue at the Technical Community Colleges increased $2.0 million (23%), state appropriations increased $3.5 million (18%) and local appropriations increased $6.0 million (30%). Percentages of total revenue were 15%, 30%, and 35% respectively, as compared to 17%, 35%, and 38% in 1982.

For Independent Colleges and Universities, tuition revenue increased $16.2 million (32%); private gifts, grants and contracts increased $6.7 million (40%); and endowments increased $.7 million (19%); representing respectively 46%, 16% and 3% of total revenue, as compared to 48%, 16% and 4% in 1982.

Expenditures reported over the same five-year period show that the percentage allocated to instruction has decreased in all institutional sectors. All other segments show a stable condition or slight decline with the exception of scholarships and fellowships in which all sectors report a significant increase.

PREFACE

The information contained in this report was reported by the Nebraska institutions of postsecondary education as a part of the Higher Education General Information Survey (HEGIS). The HEGIS financial statistics report is part of a series of reports institutions annually file with the National Center for Education Statistics (NCES) of the U.S. Department of Education. The Nebraska Coordinating Commission for Postsecondary Education coordinates the distribution of the HEGIS reporting forms to the institutions, the collection and return of completed reports for the National Center for Education Statistics.

This report reflects information from one of the six groups of funds generally managed by institutions of higher education. The fund group included herein is the Current Funds. Not included are revenues and expenditures related to the other five fund groups: Loan Funds, Endowment and Similar Funds, Annuity and Life Income Funds, Plant Funds, and Agency Funds. Each of the fund groups are defined below.

FUND GROUPS

1. Current Funds. This fund group includes all of those resources used, or available for use, in carrying out those operations directly related to the institution's educational objectives. It also includes the monies associated with the operation of the institution's auxiliary enterprises. This fund group generally is shown in financial reports as two distinct subgroups--"Current Fund - Unrestricted" and "Current Fund - Restricted." Monies in the "Current Fund - Unrestricted" subgroups are available for any purpose in the Current Fund or any other fund group. Monies in the "Current Fund - Restricted" subgroup are restricted to a very specific aspect of the institution's current operation.

2. Loan Funds. This fund group consists of those resources that have been loaned or are available for loans to students, faculty, and staff. The unrestricted and restricted fund balances generally are shown separately in financial reports. Unrestricted funds in the loan fund group are funds that have been "designated" for loan purposes by the governing board. Restricted loan funds have been restricted for loan purposes by the funder.

3. Endowment and Similar Funds. This fund group includes funds whose principal is nonexpendable and that are intended to be invested to provide earnings for institutional use. Two methods of determining the earnings available for use are employed currently by higher education institutions. One method stipulates that only current yield (ordinary income such as "interest and dividends" on the investment of endowment funds may be used. The second method (known as the "total return concept") allows for a portion of the capital gains of invested endowment funds to be used also. Both methods of determining expendable endowment earnings are generally accepted accounting practices--the institution's governing board generally decides which procedure is appropriate for its institution's particular needs.

4. Annuity and Life Funds. This fund group includes all funds carrying a stipulation that the institution make payments to one or more specified beneficiaries. If the institution is obligated to pay the beneficiary a stipulated amount, the fund is classified as an annuity fund. If the institution agrees to pay only the income earned by the assets of the fund or a stipulated percentage of its market value, it is classified as a life income fund. Upon the death of the beneficiary, or at some agreed upon date, the principal of the annuity or life income fund becomes the property of the institution. It then is available for use at the discretion of the institution or in accordance with the terms of the agreement. Annuity funds and life income funds generally are maintained as two separate subgroups, but are combined for reporting purposes.

5. Plant Funds. Fund accounting reports the institution's physical plant assets in a separate fund group rather than reporting them as assets in several fund groups. The Plant Fund includes all of the institution's physical plant assets as well as the monies that are set aside to be used to fund new construction or acquisitions, debt service on plant, and renewal and replacement reserves.

6. Agency Funds. The institution often acts as the fiscal agent for funds it does not own. In such cases, the institution usually is provided accounting services to the organization or person(s) to which the monies belong. All funds the institution holds as custodian or fiscal agency for student organizations, individual students, faculty members, and so forth are reported as agency funds in these fund groups. However, when agency funds are not a material item, they may be reported as an element in the Current Fund. Whenever the purpose of a particular report or financial statement is to disclose the total resources available for use by the institution, agency funds are excluded or simply footnoted.

As indicated above, the information reported in this report is solely Current Fund information and of the Current Fund, only Education and General Current Fund Revenues and Expenditures are reported. Education and General are defined as follows:

> Educational and General. This term is used to describe all operations related to instruction, research, public service, academic support, student services, operation and maintenance of plant, institutional support, and scholarships and fellowships. Excluded are expenditures for auxiliary enterprises and hospitals. In financial reports, the term Educational and General represents an aggregation of "functional" expenditure categories.

The Commission wishes to acknowledge with appreciation the cooperation and time the institutions devoted to reviewing and verifying the summary data contained in this report.

INTRODUCTION

The financial information contained in this report reflects institutional Educational and General revenue items and Education and General Expenditure items.

By definition, Education and General Revenues include current fund revenue from: Tuition and Fees; State Appropriations, Local Appropriations, Federal Appropriations, Grants and Contracts; Other Gifts, Grants and Contracts; Endowment; and revenue from other sources. It excludes revenue from the Sales and Services of Auxiliary Enterprises, Sales and Services of Hospitals, and income from Independent Operations. These data were taken from Part A of the HEGIS financial statistics report.

The total for Education and General Revenue, as taken from Part A of the reporting survey, is the summation of the following revenue sources:

a. Tuition and Fees (Part A, Line No. 1)
b. State Appropriations (Part A, Line No. 3)
c. Local Appropriations (Part A, Line No. 4)
d. Federal Appropriations, Grants and Contracts (Part A, summation of Lines 2, 5, and 6)
e. Other Gifts, Grants, and Contracts (Part A, summation of Lines 7, 8, 9, 10, 11, and 12)
f. Endowments (Part A, summation of Lines 13 and 14)
g. Other Revenue (Part A, summation of Lines 15 and 18)

It should be noted that both restricted and unrestricted forms of revenue are included in the Current Fund Education and General Revenue Total. Due to the inclusion of restricted institutional revenue, the revenue data reported in this report may be different from budgetary information reported by some institutions.

Institutions are given the following instructions in reporting the current fund items for Part A of the financial statistics report. While these are reporting instructions, they provide definition to the revenue items for those persons reviewing these data and this report.

Instructions for Part A. Current funds revenues include all unrestricted gifts and other unrestricted revenues earned during the fiscal year and restricted current funds to the extent that such funds were expended for current operating purposes.

Line 1	Tuition and Fees. Report all tuition and fees assessed against students for current operating purposes. Include tuition and fee remissions for exemptions even though there is no intention of collecting from the student. Include here those tuitions and fees which are remitted to the State as an offset to the State appropriations. (Charges for room, board, and other services rendered by auxiliary enterprises are not reported here. See line 16.)
Lines 2, 3 & 4	Governmental appropriations include all amounts received from or made available to the institution through acts of a legislative body, except grants or contracts. These funds are for meeting current operating expenses and **NOT** for specific projects or programs. Examples are Federal land-grant appropriations and Federal revenue sharing funds (line 2). Federal appropriations received through State channels is a subset of line 2 and should be included in the line 2 total for Federal appropriations.
Lines 5-10	Governmental grants and contracts. Report revenues from governmental agencies which are for specific research projects or other types of programs. Examples are research projects, training programs, and similar activities for which amounts are received or expenditures are reimbursable under the terms of a government grant or contract. Amounts equal to direct costs incurred should be recorded as charges against current restricted funds and reported as restricted current funds revenues (lines 6, 8, and 10). Related indirect costs recovered should be reported as unrestricted revenues (lines 5, 7, and 9). Include Pell Grants (formerly BEOG's).
Lines 11 & 12	Private gifts, grants, and contracts. Private gifts and grants include revenues from private donors for which no legal consideration is involved. Private contracts include those funds for which specific goods and services must be provided to the funder as stipulation for receipt of the funds. Include only those gifts, grants, and contracts that are directly related to the instruction, research, or public services. Monies received as a result of gifts, grants, or contracts from a foreign government would be reported here. Include the estimated dollar amount of contributed services on line 11.

Lines 13 & 14	Endowment income. Report: (1) the unrestricted income of endowment and similar funds; (2) restricted income of endowment and similar funds to the extent expended for current operating purposes; and (3) income from funds held in trust by others under irreovocable trusts. Do not include capital gains or losses. If any such gains are spent for current operations, these should be treated as transfers, not revenues.
Line 15	Sales and Services of educational activities. Report revenues derived from the sales of goods or services that are incidental to the conduct of instruction, research, or public service. Examples include film rentals, scientific and literary publications, testing services, university presses, and dairy products.
Line 16	Sales and services of auxiliary enterprises. Report here all revenues generated by the auxiliary enterprise operation of the institution. Auxiliary enterprises are managed as essentially self-supporting activities. Examples are residence halls, food services, student health services, college unions, college stores, barber shops, etc. (**This item is not included in Education and General Revenue Totals.**)
Line 17	Sales and Services of hospitals. Include the revenues (net of discounts and allowances) of a hospital operated by the institution. **DO NOT** include here gifts, grants, appropriations, research revenues, or endowment income. Include revenues of health clinics that are part of the hospital unless such clinics are part of the student health services program. (**This item is not included in Education and General Revenue Totals.**)
Line 18	Other sources. Include all items of revenue not covered elsewhere. Examples are interest income and gains (net of losses) from investments of unrestricted current funds. Include revenues resulting from the sales and services of internal services departments of persons or agencies external to the institution (e.g., the sale of computer time).
Line 19	Independent Operations. Include all revenues associated with operations independent of or unrelated to the primary mission of the institution (i.e., instruction, research, public service) although they may indirectly contribute to these programs. This category generally includes only those revenues associated with major Federally Funded Research and Development Centers. (**This item is not included in Education and General Revenue Totals.**)

Line 20	Total current funds revenues. Report here the sum of lines 1 through 19 inclusive.
Line 21	Pell Grants. Report the amount of Pell Grants received (but only to the extent disbursed) by your institution. This amount should be included on Part A, Line 6.

Education and General Expenditures, by definition, includes current fund expenditures for: Instruction; Research; Public Service; Academic Support; Student Services; Institutional Support and Operation and Maintenance of the Physical Plant; Scholarships and Fellowships; and Educational and General Mandatory Transfers. Education and General Expenditures excludes expenditures related to Auxiliary Enterprises, Hospitals, and Independent Operations. These latter three items are included, however, in Total Current Funds Expenditures and Mandatory Transfers reported by the institutions. These expenditures data were taken from Part B of the HEGIS financial statistics report.

The total for Education and General Expenditures, as taken from Part B of the reporting survey, is the summation of the following expenditure items:

a. Instruction (Part B, Line 1)
b. Research (Part B, Line 2)
c. Public Service (Part B, Line 3)
d. Academic Support (Part B, Line 4)
e. Student Services (Part B, Line 6)
f. Institutional Support and Operation and Maintenance of Plant (Part B, summation of Lines 7 and 8)
g. Scholarships and Fellowships (Part B, summation of Lines 9 and 10)
h. Educational and General Mandatory Transfers (Part B, Line 11)

As with the revenue portion of this report, the expenditures include restricted and unrestricted current fund expenditures. The inclusion of both types of expenditure for the functional areas shown may cause these data to be slightly different from the budgetary data reported by some institutions.

The instructions provided the institutions for reporting current expenditures, and which provide definition for the expenditure categories, are as follows:

Line 1	Instruction. Expenditures of the colleges, schools, departments, and other instructional divisions of the institution and expenditures for departmental research and public service which are not separately budgeted should be included in this classification. Include expenditures for both credit and noncredit activities. Exclude expenditures for academic administration where the primary function is administration (e.g., academic deans). This category includes the following subcategories: general academic instruction; occupational and vocational instruction; special session instruction; community education; preparatory and adult basic education; and remedial and tutorial instruction conducted by the teaching faculty for the institution's students.
Line 2	Research. This category includes all funds expended for activities specifically organized to produce research outcomes and commissioned by an agency either external to the institution or separately budgeted by an organizational unit within the institution. Do not report non-research sponsored programs (e.g., training programs).
Line 3	Public Service. Report all funds budgeted specifically for public service and expended for activities established primarily to provide noninstructional services beneficial to groups external to the institution. Examples are seminars and projects provided to particular sectors of the community. Include expenditures for community services and cooperative extension services.
Line 4	Academic Support. This category includes expenditures for the support services that are an integral part of the institution's primary missions of instruction, research, or public service. Include expenditures for libraries (line 5), museums, galleries, audio/visual services, academic computing support, ancillary support, academic administration and personnel development, and course and curriculum development. (Include line 5 expenditures in the line 4 total for academic support.) Line 4 is **NOT** the sum of lines 1, 2, and 3.
Line 6	Student Services. Report funds expended for admissions, registrar activities, and activities whose primary purpose is to contribute to students' emotional and physical well being and to their intellectual, cultural, and social development outside the context of the formal instruction program. Examples are career guidance, counseling, financial aid administration, student health services (except when operated as a self-supporting auxiliary enterprise). Include the administrative allowance for Pell Grants.

Line 7	Institutional Support. Report expenditures for the day-to-day operational support of the institution, excluding expenditures for physical plant operations. Include general administrative services, executive direction and planning, legal and fiscal operations, and community relations.
Line 8	Operation and Maintenance of Plant. Report all expenditures for operations established to provide service and maintenance related to campus grounds and facilities used for educational and general purposes. Do not include expenditures made from the institutional plant funds accounts.
Lines 9 & 10	Scholarships and Fellowships. This category applies only to monies given in the form of outright grants and trainee stipends to individuals enrolled in formal coursework, either for credit or not. Aid to students in the form of tuition or fee remissions should be included. (Exclude those remissions which are granted because of faculty or staff status. Charge thse to staff benefits.) **DO NOT** report College Work Study Program expenses here; report these expenses where the student served (e.g., dining halls, line 14; for a professor, line 1, etc.). If necessary, estimate. Include Pell Grants on line 10.
Line 11	Educational and General Mandatory Transfers. Mandatory transfers from current funds are those that must be made in order to fulfill a binding legal obligation of the institution. Report mandatory debt-service provisions relating to academic and administrative buildings, include (1) amounts set aside for debt retirement and interest, and (2) required provisions for renewal and replacements to the extent not financed from other sources.
Line 12	Total Educational and General Expenditures and Mandatory Transfers. Enter here the sum of lines 1 through 4 plus 6 through 11. (**This is the Educational and General Expenditure Total used in this report.**)
Line 13	Mandatory Transfers for Auxiliary Enterprises. Report the amount transferred from current funds for mandatory debt service provisions relating to auxiliary enterprises. Examples include maintenance reserves.
Line 14	Auxiliary Enterprises. This category includes those essentially self-supporting operations which exist to furnish a service to students, faculty, or staff, and which charge a fee that is directly related to, although not necessarily equal to, the cost of the service. Examples are residence halls, food services, college stores, and intercollegiate athletics. (Include the mandatory transfers amount on line 13 in the line 14 amount.)

Line 15	Mandatory Transfers for Hospitals. Report the amount transferred from current funds for mandatory debt service provisions relating to hospitals.
Line 16	Hospitals. Report all expenditures except depreciation, associated with the operation of the hospitals, including nurses expenses, other professional services, general services, administrative services, fiscal services, and charges for physical plant operations. (Include the mandatory transfers amount on line 15 in the line 16 amount.)
Line 17	Mandatory Transfers for Independent Operations. Report the amount transferred from current funds for mandatory debt service provisions relating to independent operations.
Line 18	Independent Operations. Include all funds expended for operations that are independent of or unrelated to the primary missions of the institution, although they may indirectly contribute to the enhancement of these programs. This category is generally limited to expenditures of a major Federally Funded Research and Development Center. Do not include the expenditures of operations owned and managed as investments of the institution's endowment funds. (Include the line 17 amount in the line 18 amount.)
Line 19	Total Current Funds Expenditures and Mandatory Transfers. Report the sum of lines 12, 14, 16, and 18.

NOTE: The terms "Education and General" and "Educational and General" are used interchangeably.

SUMMARY TABLES

The two summary tables which follow compare the current fund education and general income (revenue) and expenditures for the fiscal years ending 1982 and 1986. It should be noted that the amounts have been rounded to the nearest one thousand dollars. Table I displays current fund education and general income, Table II displays education and general expenditures for all institutional sectors for the two years identified above.

The third column of each sector, and the state totals, should be read across, rather than vertically. The four-year changes show both the change in dollar amounts and percentage.

Those who review these data are cautioned from drawing too specific interpretations from these summary tables, as they do have limitations. The data reported are limited by institutional and state policies, which may have changed during the time in which these are reported, that would affect the information shown. While the reporting instructions are the same for each institution, they are sometimes interpreted differently by some reporting officers which would affect the data. In addition, personnel in the offices reporting these data may have changed and this may lead to one individual reporting the data differently than his/her predecessor.

INSTITUTIONAL ABBREVIATIONS

The following five (5) tables show the percentage of the total educational and general revenue derived from various sources of revenue for each fiscal year. In addition, the percentage of the total education and general expenditures by expenditure categories is shown for each fiscal year. Each table is one fiscal year and each is formatted the same with the revenue sources and expenditure categories described on the left margin (rows) and the institutions (designations are abbreviated), and institutional sectors at the top of the tables (columns).

The following abbreviations are used for purposes of designating the institution.

University of Nebraska

UNL	University of Nebraska-Lincoln
UNO	University of Nebraska-Omaha
UNMC	University of Nebraska Medical Center

Nebraska State Colleges

CSC	Chadron State College
KSC	Kearney State College
PSC	Peru State College
WSC	Wayne State College

Nebraska Technical Community College Areas

Cent.	Central Technical Community College Area
Metro.	Metropolitan Technical Community College Area
M.P.	Mid-Plains Technical Community College Area
N.E.	Northest Technical Community College Area
S.E.	Southeastern Nebraska Technical Community College Area
West.	Western Technical Community College Area

Nebraska Independent Colleges and Universities

Belvu	Bellevue College
BCC	Bishop Clarkson College of Nursing
CSM	College of St. Mary
Cndia	Concordia Teachers College
Creig. Univ.	Creighton University
Dana	Dana College
Doane	Doane College
GCB	Grace College of the Bible
Hsting	Hastings College
Mid Lu	Midland Lutheran College
NC	Nebraska Christian College
NWU	Nebraska Wesleyan University
PVB	Platte Valley Bible College
Union	Union College
York	York College
NICC	Nebraska Indian Community College
